

Be Healthy to Learn Student Planners

**Academic achievement starts
with healthy students**

KidsHealth.org and School Specialty have teamed up to create the *Be Healthy to Learn* student planner series, which includes:

- Practical tips
- Engaging activities
- Tracking tools

Plus...

- Lesson plans
- Newsletters for parents
- Classroom posters
- Support tools

Created by the experts of Nemours, *Be Healthy to Learn* incorporates KidsHealth's award-winning content to engage kids and teens and help drive student achievement.

School Specialty

Planning & Student Development

New for 2012-2013

- Primary (K-2)
- Elementary (3-5)
- Middle (6-8)

Help your students make healthy choices every day!
